Volume Contents

Editorial 1
M. Elia

REVIEW
Glutamine and the immune system 2
P. C. Calder

ORIGINAL ARTICLES
Influence of calorie source on the physiological response to parenteral nutrition in malnourished rabbits 9
M. García-Domingo, L. Lladó, X. Guirao, G. Franch, A. Oliva, A. Muñoz, E. Salas, J. J. Sancho and A. Sitges-Serra

Parenteral nutrition support in major abdominal trauma patients 17
Z. J. Shu and J. S. Li

Cyclic parenteral nutrition in hospitalized adult patients: a 9-year experience 22
P. Beau, E. Meyran, J. Chassin and C. Matuchansky

Which nutritional measurements assess protein-energy nutritional status in patients receiving home parenteral nutrition? 29
P. R. Gray, G. L. Carson, C. Wright and M. Irving

Isolation of radiopure plasma and hepatic albumin in acute phase conditions 35
C. Andersson, B.-M. Iresjö and K. Lundholm

Glutamine requirements in the generation of lymphokine-activated killer cells 42
A. Juretic, G. C. Spagnoli, H. Hörig, R. Babst, K. von Bremen, F. Harder and M. Heberer

ESPEN RESEARCH FELLOWS SYMPOSIUM
Artificial nutrition modifies gut associated lymphoid tissue (GALT) in rat 50
V. Merle, V. Colomb, Y. Chourrout, M. Leborgne, O. Corriol, E. Lerebours, C. Ricour and N. Brousse

The acute cardiovascular and metabolic responses to enteral and parenteral nutrition 51
M. B. Sidery, S. P. Allison and I. A. Macdonald

Does nutritional status affect the cytokine and acute phase protein response to elective surgery? 52
G. E. Curtis, C. McAtear, L. Formela, A. Walsh and A. Shenkin

Modulation of protein synthesis rates during endotoxemia by dietary fatty acids in rat tissues 54
O. E. Rooyackers, A. J. M. Wagenmakers and G. Hornstra

Amino acid and energy metabolism after coronary by-pass and surgical treatment of subarachnoidal hemorrhage: effects of alanyl-glutamine 55
R. Suojaranta-Ylinen

HISTORY
Early history of ESPEN 57
R. Clark and E. Vinnars

Correspondence 62

Comments on current literature 64

Contents of current literature 66

ORIGINAL ARTICLES
Inhibition of lymphocyte proliferation in vitro by two lipid emulsions with different fatty acid compositions 69
P. C. Calder, E. J. Sherrington, J. Askanazi and E. A. Newsholme

Comparative effects of arginine and other amino acid deprivation on in vitro expression of lymphocyte activation markers 75
F. Rossi Fanelli, A. Afeltra, D. Caccavo, M. Muscaritoli, A. P. Mitterhofer, A. Laviano and L. Bonomo

Glutamine supplementation does not prevent small bowel mucosal atrophy after total parenteral nutrition in the rat 79
T. Bark, T. Svenberg, E. Theodorsson, A. Uribe and A. Wennberg

Effect of megestrol acetate on weight loss, body composition and blood screen of gastrointestinal cancer patients 85

D. C. McMillan, J. M. Simpson, T. Preston, W. S. Watson, K. C. H. Fearon, A. Shenkin, H. J. G. Burns and C. S. McArdle

The effects of different intravenous feeding regimens on the rates of synthesis of α1-antitrypsin after surgery 90
T. Karlsson, H. Stjernström, L. Wiklund, T. Groth and M. Hjelm

Biochemical assessment of nutritional status in patients with chronic obstructive pulmonary disease and acute respiratory failure on admission to an intensive care unit 98
T. Le Bricon, B. Guidet, C. Coudray-Lucas, F. Staïkowsky, J-M. Gabillet, G. Offenstadt, J. Giboudeau and L. Cynober

Effects of lanreotide, a somatostatin analogue, on urea synthesis in normal man 105
T. Wolthers, T. Grøfte, H. Ørskov, O. Hamberg, M. Foegh and H. Vilstrup

Serum lipoprotein changes after prolonged Intralipid infusion in malnourished haemodialysis patients 111
N. Cano, G. Luc, P. Stroumza, P. Lacombe and J. P. Durbec

Nutrient-induced thermogenesis (NIT) following amino acid infusion 116
M. Sakaue, T. Tsujinaka, Y. Kido, Y. Hayashida, M. Yano, T. Homma, S. Iijima, K. Kan, T. Ebisui and T. Mori

SHORT PAPER

Elevated plasma thiamin concentrations in patients with rhabdomyolysis
C. M. E. Tallaksen, H. Bell and T. Bøhmer 123

Book reviews 125

Comments on recent literature 127

Contents of current literature 129

REVIEW

Are patients with liver cirrhosis hypermetabolic? 131
M. J. Müller, K. H. W. Böker and O. Selberg

ORIGINAL ARTICLES

Resting energy expenditure and nutritional state in patients with liver cirrhosis before and after liver transplantation 145
M. J. Müller, S. Loyal, M. Schwarze, J. Lobers, O. Selberg, B. Ringe and R. Pichlmayr

Parenteral and enteral feeding in hospitals in Italy: a national survey 153
M. Braga, F. Bozzetti, P. Dionigi, D. Radrizzani, G. Iapichino, C. Salis, G. Scroccaro, S. Gelio, A. Messori, G. Tognoni, M. Zanello and the 'Clinical Epidemiology of Artificial Nutrition' Study Group of the Italian Society of Parenteral and Enteral Nutrition

Inadequate intravenous feeding in sick neonates: a retrospective study 161
A. J. R. Deprettere, K. J. Van Acker, P. J. Van Reempts and I. De Leeuw

Effects of defined formula diets with and without fibre on ultratrace mineral serum levels in rats 166
S. Seri and A. D'Alessandro

Change in bioelectrical impedance following laparoscopic and open abdominal surgery 171
G. L. Carlson, R. Visvanathan, O. C. Pannarale, R. A. Little and M. H. Irving

A comparison of skinfold thickness, body mass index, bioelectrical impendance analysis and dual energy X-ray absorbtiometry in assessing body composition in obese subjects before and after weight loss 177
J. Webber, M. Donaldson, S. P. Allison and I. A. Macdonald

Regulation of urea synthesis by glucose and glucagon in normal man 183
O. Hamburg and H. Vilstrup

Correspondence 192

Commentary on 'Parenteral and enteral feeding in hospitals in Italy: a national survey' 196
I. Duysburgh

Comments on recent literature 197

Proceedings of a meeting of the National HIV Nutrition Team, October 1992 – The case for nutritional support in HIV 198

Contents of current literature 204

Notice 206

ORIGINAL ARTICLES

The nutritional status of patients receiving home enteral feeding 207
J. P. McWhirter, C. E. Hambling and C. R. Pennington

Evaluation of nutritional counselling in HIV-associated malnutrition 212
A. Schwenk, B. Burger, G. Ollenschläger, H. Stutzer , D. Wessel, V. Diehl and M. Schrappe

Favourable glycaemic effects of a new balanced liquid diet for enteral nutrition – Results of a short-term study in 30 type II diabetic patients 221
W. Stürmer, E. Kramer, H. Kasper and J. Schrezenmeir

Decrease of mucosal glutamine concentration in the nutritionally depleted patient 228
R. R. W. J. van der Hulst, N. E. P. Deutz, M. F. von Meyenfeldt, J. M. H. Elbers, R. W. Stockbrügger and P. B. Soeters

Prevention of total parenteral nutrition-induced cholestasis by low non-protein energy supply: an animal experiment and clinical study 234
Z. T. Shu, L. H. Zhang and J. S. Li

Effect of fructose on the capacity of urea-N synthesis in rats 243
J. H. Pederson, D. Alnor, H. Vilstrup and B. A. Hansen

The in-vitro uptake of zinc by blood cells in rats with long-term inflammatory stress 247
T. H. J. Naber, F. Heymer, C. J. A. van den Hamer, W. J. M. van den Broek and J. B. M. J. Jansen

Impact of enteral nutrition on intestinal bacterial translocation and mortality in burned mice 256
M. Braga, L. Gianotti, E. Costantini, A. Di Francesco, C. Socci, G. Paganelli, C. Ossa and V. Di Carlo

CASE REPORT

Misplacement of a jugular line in a facial vein 262
G. Li Destri, C. Candiano, G. Trombatore, S. Ficicchia and S. Puleo

Correspondence 265

Comments of recent literature 267

Contents of current literature 269

Forthcoming meetings 271

Erratum
Regulation of urea synthesis by glucose and glucagon in normal man 271
O. Hamberg and H. Vilstrup

ORIGINAL ARTICLES

Stability of ascorbic acid in a standard total parenteral nutrition mixture 273
P. Proot, L. De Pourcq and A. A. Raymakers

Zinc metabolism and immune function in healthy elderly people 280
G. C. Sturniolo, R. D'Inca, M. C. Montino, M. Sanzari, D. Maran, G. Valeria, F. Romagnoni and R. Naccarto

Predicting resting energy expenditure in patients with musculoskeletal deformities 286
M. K. Sridhar, S. W. Banham and M. E. J. Lean

Metabolic and thermogenic response to continuous and cyclic total parenteral nutrition in traumatised and infected patients 291
E. Forsberg, M. Soop, A. Lepape and A. Thörne

Duodenal motor response to continuous enteral feeding is impaired in mechanically ventilated critically ill patients 302
A. Dive, C. Miesse, J. Jamart, P. Evrard, M. Gonzalez and ET. Installe

Gastrointestinal and biliopancreatic response to continuous nasogastric feeding in man: effect of increasing nutrient infusion rate 307
N. Vidon, P. Sogni, S. Chaussade, B. Huchet and J. J. Bernier

The effects of major abdominal surgery, enteral and parenteral nutrition on pancreatic function and morphology 314
P. Sagar, D. Wai, P. Poon, J. Macfie and C. Mitchell

In utero exposure to maternal low protein diets induces hypertension in weanling rats, independently of maternal blood pressure changes 319
S. C. Langley-Evans, G. J. Phillips and A. A. Jackson

Correspondence 325

Book reviews 328

THE SIR DAVID CUTHBERTSON LECTURE

Impact of nutritional support on the clinical outcome of the surgical patient 331
G. L. Hill

ORIGINAL ARTICLES

Auditing the effect of experience and change on home parenteral nutrition related complications 341
D. A. Johnston, J. Richards and C. R. Pennington

Characteristics and consequences of duodenogastric reflux in children on total parenteral nutrition (TPN) for severe gastrointestinal disorders 345
A. Maherzi, J. Vatier, J. P. Cezard, L. Ferkdadji, M. Duet, C. Celice-Pinguaud, M. Peuchmaur and J. Navarro

Bone mineral content in patients on home parenteral nutrition 351
M. Staun, L. Tjellesen, M. Thale, T. Rannem, O. Schaadt and S. Jarnum

Catheter thrombosis and superior/inferior vena cava syndrome are rare complications of long-term parenteral nutrition 356
A. L. Buchman, S. Misra, A. Moukarzel and M. E. Ament

Short-term effects of lipid-based parenteral nutrition in patients with acquired immunodeficiency syndrome and *Pneumocystis carinii* pneumonia 361
P. Singer, M. M. Rothkopf and J. Askanazi

Hypercaloric lipid and glucose infusion reduces the mitochondrial respiratory activity in the regenerating liver 368
V. Bláha, J. Simek, L. Sombotka and Z. Zadák

Influence of storage conditions on normal plasma amino-acid concentrations 374
H. M. H. Van Eijk, C. H. C. Dejong, N. E. P. Deutz and P. B. Soeters
